

RUN IT League Software

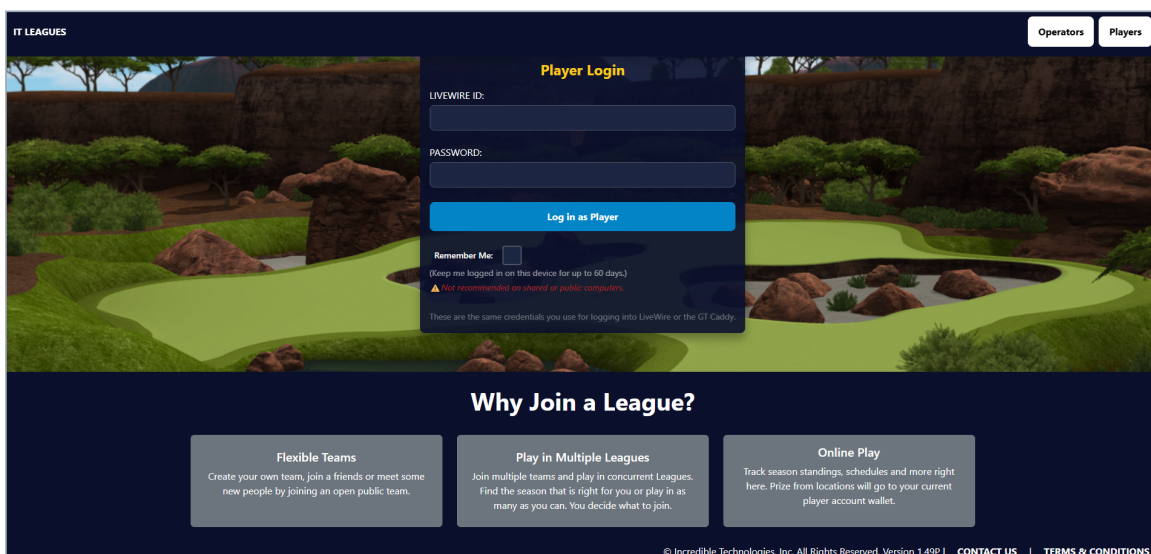

Golden Tee League Setup Guide

Now you can create and manage customizable Golden Tee leagues and teams with automated schedules, standings and statistics. Players can compete in leagues from Golden Tee Home Edition units and cabinets in commercial locations, allowing friends to participate together no matter where they are!

Players simply go to <https://promote.itsgames.com/run-it/> and select **Operators** or **Players**.

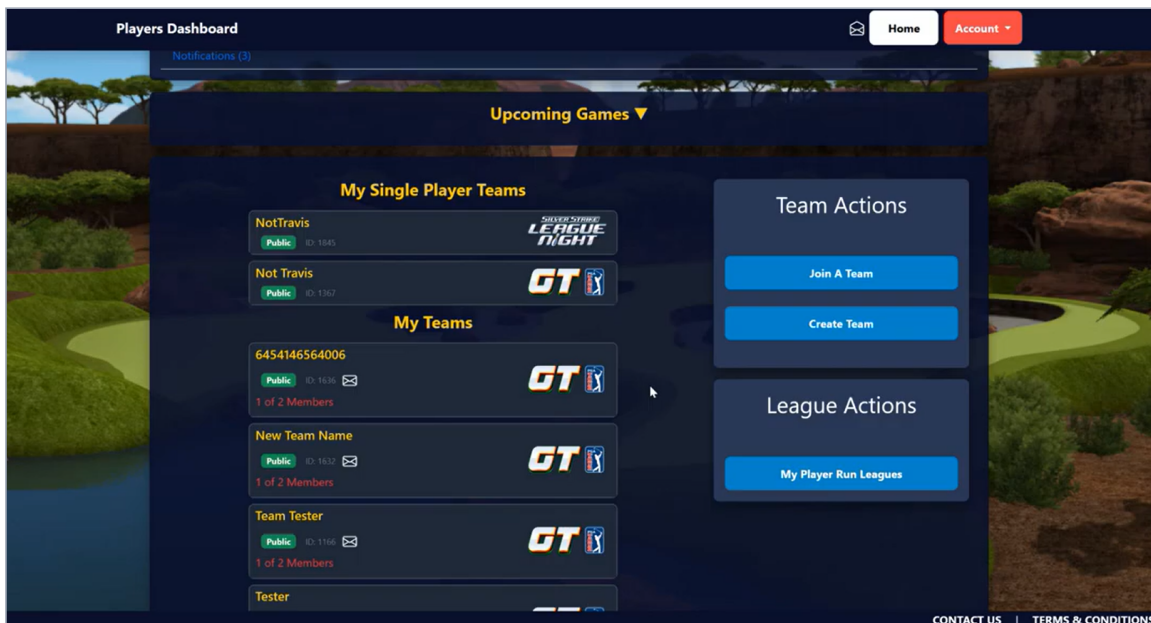

Home Edition **Players** will select **Players** and be prompted to login:

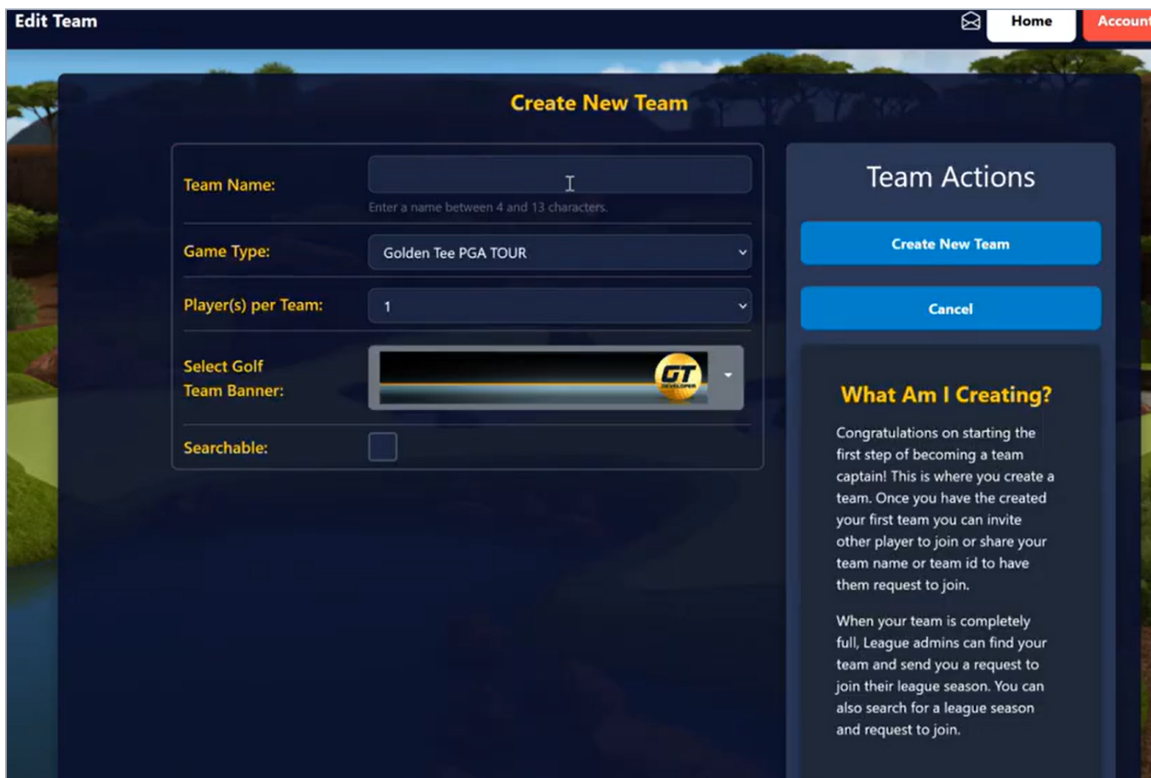

Players will use their online **LIVEWIRE** player account login and password to log into **Run IT Leagues**.

Once in, players will see the **Player Dashboard**:

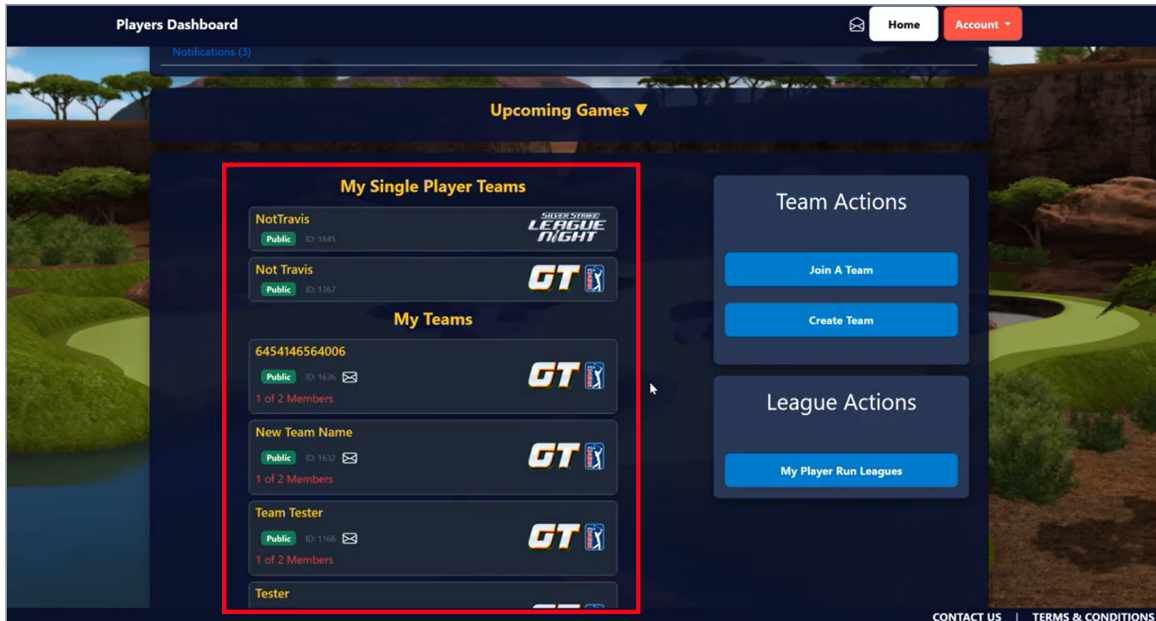

Here players can see their team(s) they are currently on, **Join Team** (doubles to 4-player), **Create Teams** and start and create your own leagues with **League Actions**.

Create New Team

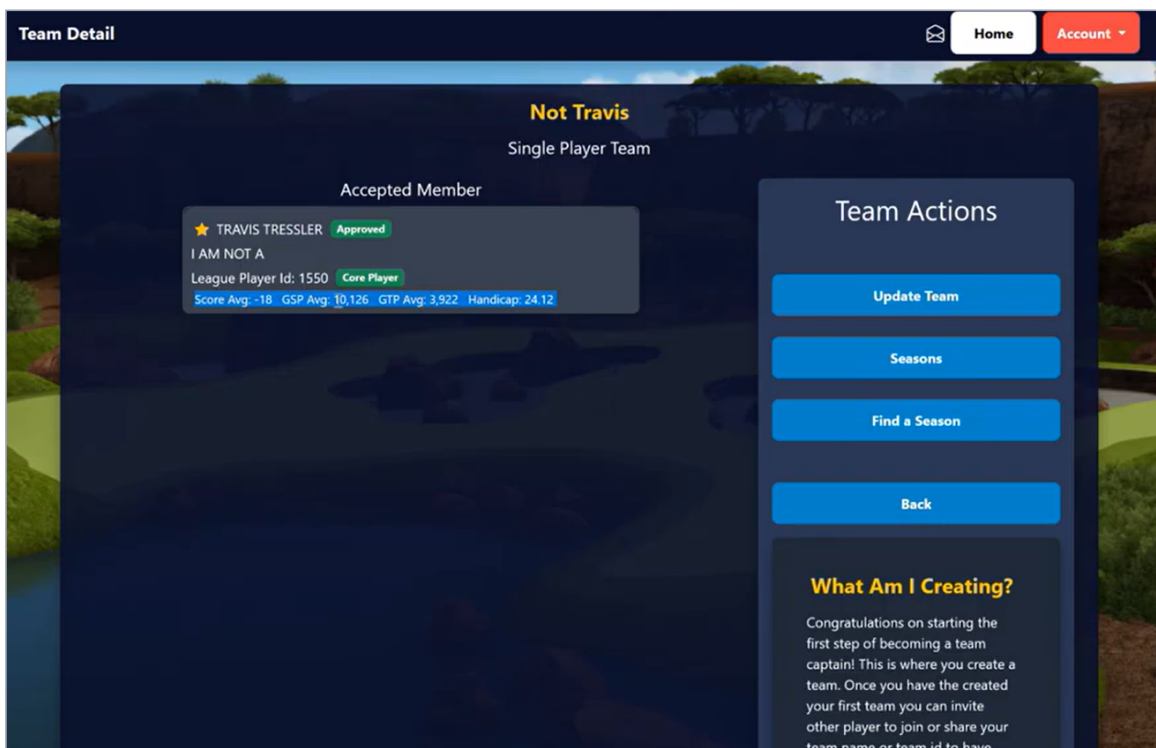

From the **Create New Team** page, players can create and set up their new team - selecting **Team Name**, **Game Type**, **Player(s) Per Team**, **Golf Team Banner** and making their team **Searchable**. (Making your team 'Searchable' means other players/operators can search for you and invite you to their leagues.)

Once the team is created it will show on your **Player Dashboard**:

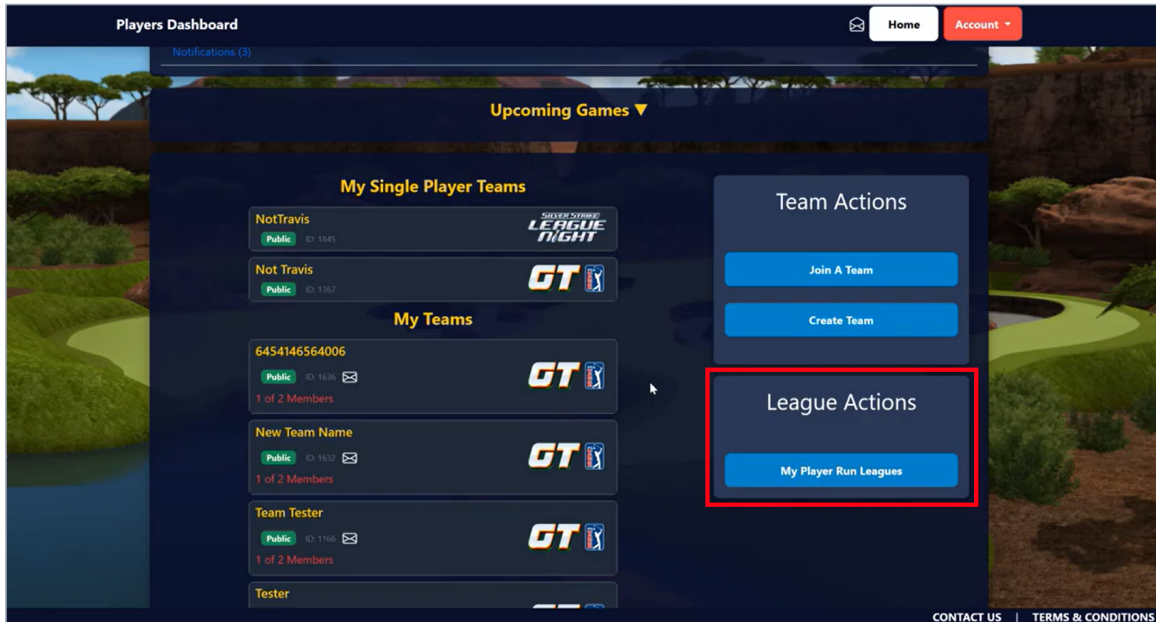

By clicking on your team you can see **Accepted Member(s)** along with **League Player ID** and stats under **Team Detail**.

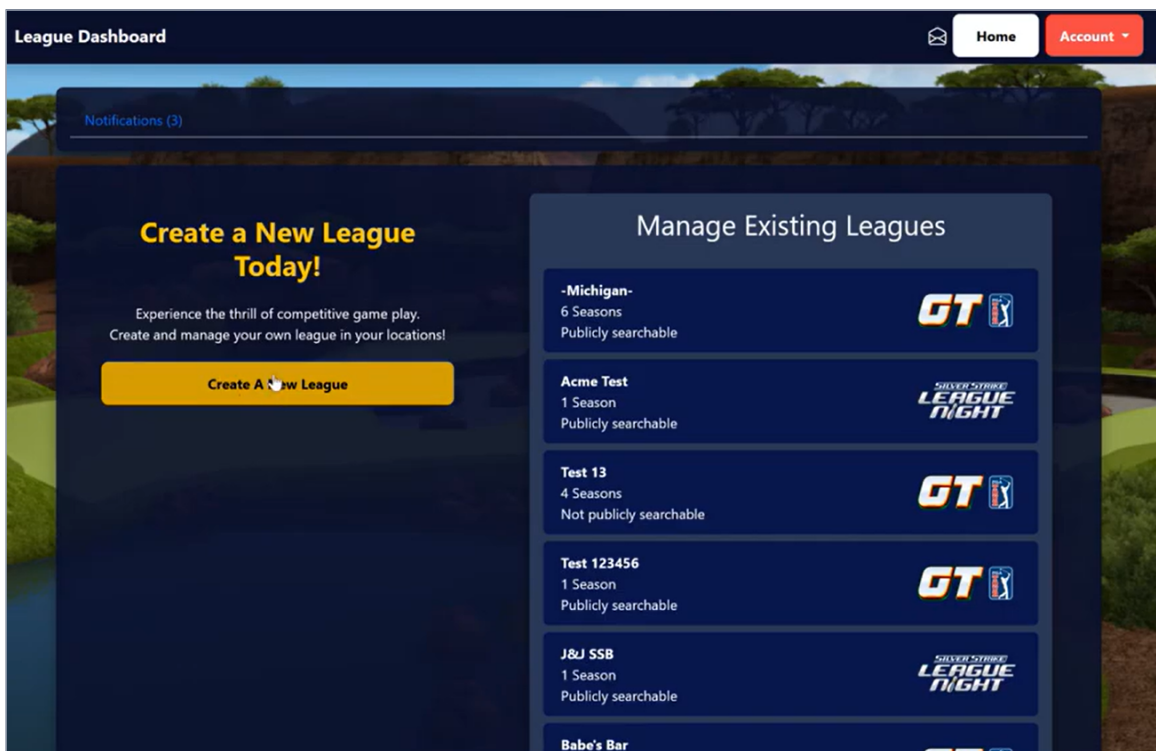

League Actions - My Player Run Leagues

From the **Players Dashboard**, select **My Player Run Leagues** under **League Actions**.

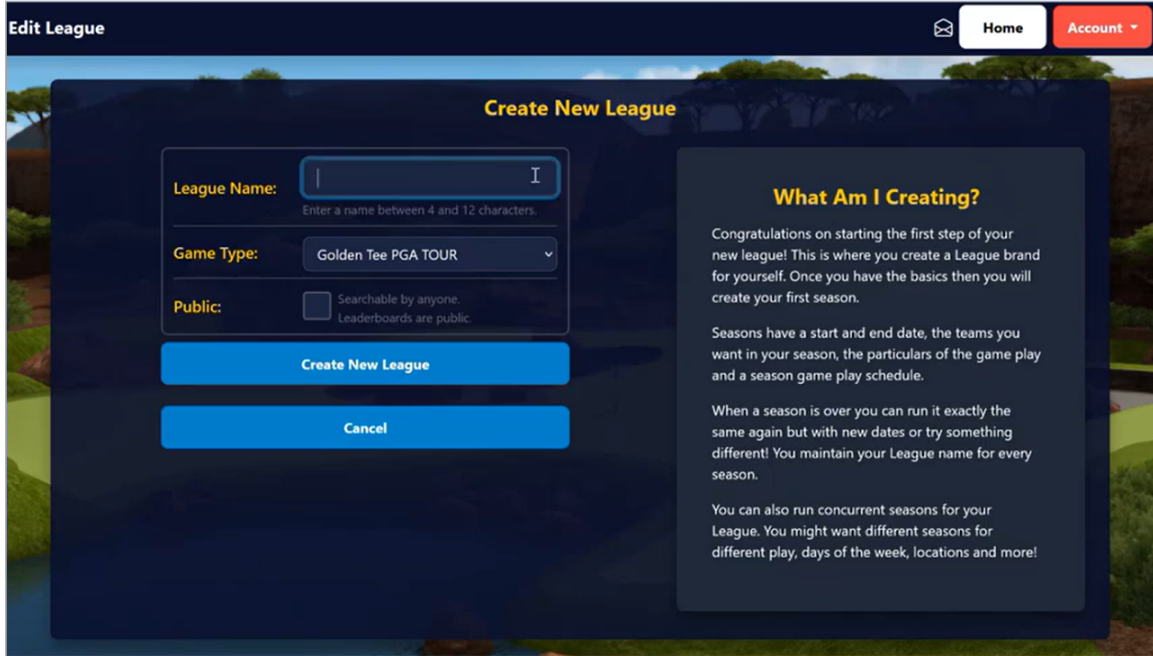

League Dashboard:

Leagues that are already made will show on the right with the option of **Create A New League** on the left.

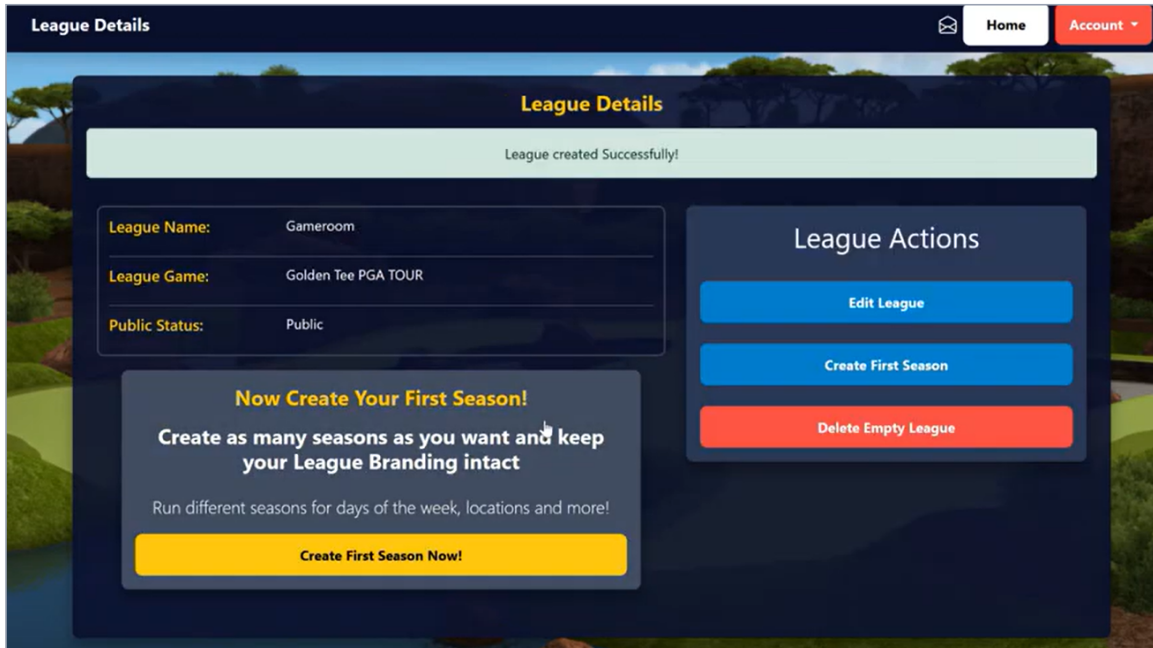

By selecting **Create New League** you will go to the **Edit League** page, where you will create your new league!

The screenshot shows the 'Edit League' page with a 'Create New League' modal. The modal has a title 'Create New League' and a background image of a golf course. It contains three input fields: 'League Name' with a placeholder 'Enter a name between 4 and 12 characters.', 'Game Type' with a dropdown menu set to 'Golden Tee PGA TOUR', and 'Public' with a checkbox and the text 'Searchable by anyone. Leaderboards are public.' Below these fields are two buttons: 'Create New League' and 'Cancel'. To the right of the form is a text box titled 'What Am I Creating?' with the following text: 'Congratulations on starting the first step of your new league! This is where you create a League brand for yourself. Once you have the basics then you will create your first season. Seasons have a start and end date, the teams you want in your season, the particulars of the game play and a season game play schedule. When a season is over you can run it exactly the same again but with new dates or try something different! You maintain your League name for every season. You can also run concurrent seasons for your League. You might want different seasons for different play, days of the week, locations and more!'

Name your league, select **Golden Tee PGA Tour Game Type**, and check the box next to **Public** so your league is searchable. (By selecting 'public' the software automatically creates a schedule and standings with a corresponding webpage - that can be accessed by anyone at any time without a login. More on this further down.)

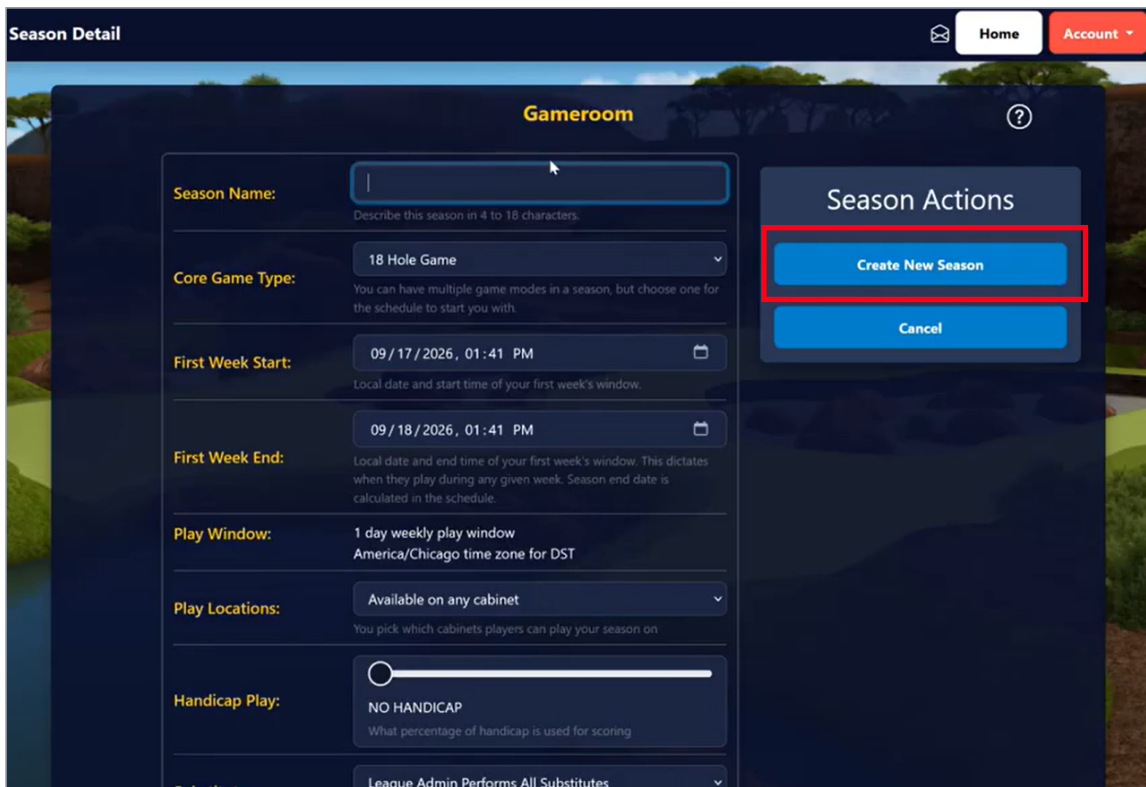

When you select **Create New League** your league will be created and you will be sent to the **League Details** page.

The screenshot shows the 'League Details' page with a 'League created Successfully!' message. The page has a title 'League Details' and a background image of a golf course. It contains a table with the following information: 'League Name: Gameroom', 'League Game: Golden Tee PGA TOUR', and 'Public Status: Public'. To the right of the table is a section titled 'League Actions' with three buttons: 'Edit League', 'Create First Season', and 'Delete Empty League'. Below the table is a text box titled 'Now Create Your First Season!' with the text 'Create as many seasons as you want and keep your League Branding intact' and 'Run different seasons for days of the week, locations and more!'. Below this text box is a yellow button labeled 'Create First Season Now!'.

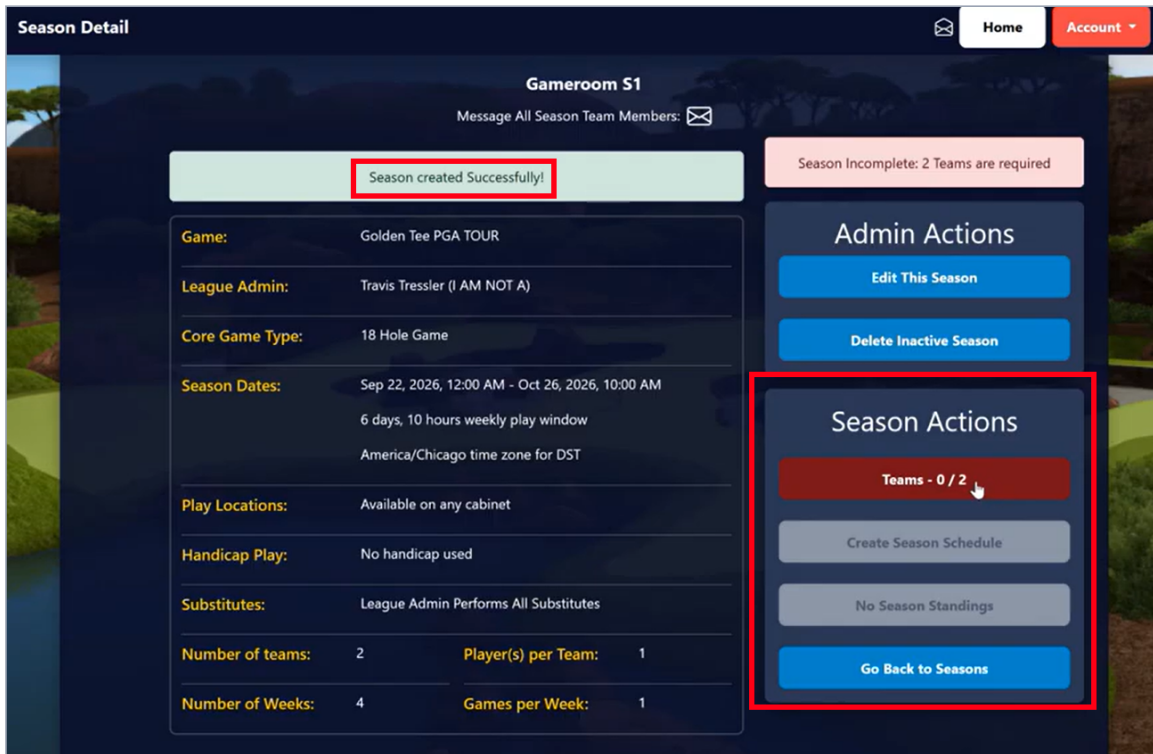

Leagues have seasons. Seasons take place inside of leagues. Select either **Create First Season** button and proceed to the **Season Detail** page.

Season Detail Page

This is where you can choose **Season Name**, **Game Type**, **First Week End and Start Dates** and more!

Once you determine the specifics of your leagues seasons details select **Create New Season** to create your new season for your new league.

Go Back to Seasons

Now you can find other teams using one of the (4) search fields.

A screenshot of the "Season Detail" page for "Gamerroom S1". The page has a dark blue background with a landscape image. At the top, there are links for "Home" and "Account". The main heading is "Gamerroom" and "Gamerroom S1". Below this, it says "Search for a Public Team 1-Player Team". There are four search fields: "Team ID:", "Team Name:", "Captain's Nickname:", and "Captain's Persona:". The "Captain's Persona:" field is highlighted with a red rectangle. Below the search fields are two buttons: "Search using One of the above fields" and "Find teams from others seasons in this league". On the right side, there is a "Team Actions" section with a "Show Teams" button, and a "Season Actions" section with buttons for "Season Detail", "Teams - 0 / 2", "Create Season Schedule", "No Season Standings", and "Go Back to Seasons". A pink notification box at the top right says "Season Incomplete: 2 Teams are required".

Any of the search fields are fine to use to search, however, the most effective is **Captain's Persona** or **Persona ID**. (**Persona ID** is the specific player account ID and is located on their LIVEWIRE player account as seen below):

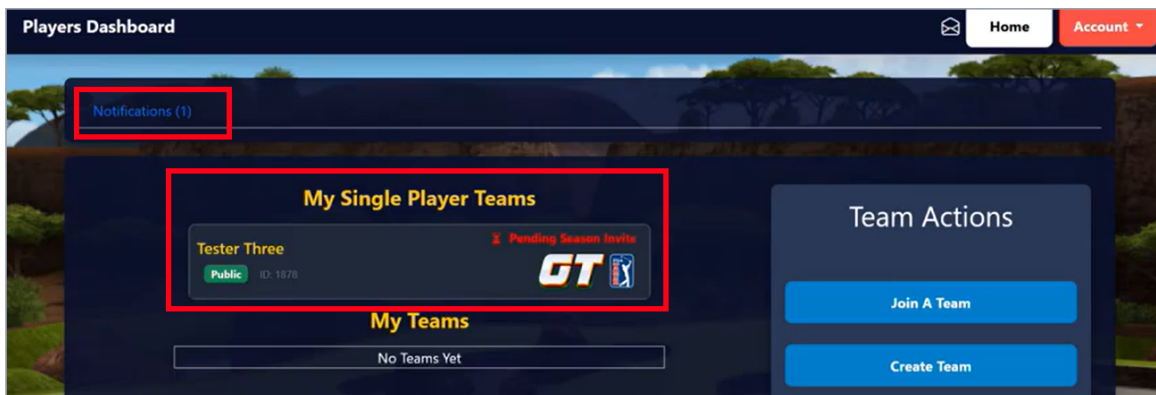

A screenshot of a player's profile on the "LIVEWIRE GT" website. The header features the "LIVEWIRE GT" logo and several game logos: "SILVER STRIKE LEAGUE NIGHT", "GT LIVE", "POWER", and "GOLDEN TEE". Below the header, there is a player profile section with a circular profile picture and a red box highlighting the "Persona ID: 86C0805C". To the right of the profile picture, there are links for "GT PGA TOUR", "SSB LEAGUE NIGHT", "LEGACY", "Account", "Transactions", and "Reorder Card". Below the profile picture, it says "GT Prize Bracket: Beginners" and "GT Glory Bracket: Bronze". There are also links for "Friends", "Equipment", "Gameplay", "Stats", "YouTube™ History", and "Club Pass". Below these links, there are more links: "My Stats", "Stats", "LIVE", "Daily Contest", "Skins Play", and "Money Shot". The "MY STATS" section is highlighted in blue. Below this, there are filters for "Stat Filters:", "COURSE: All Courses", and "TYPE: Bests". At the bottom, there is a table with columns for "STAT", "THIS WEEK", "THIS MONTH", "THIS YEAR", and "LIFETIME". The table is currently empty.

Once you find the account you're searching for, select the **Invite** button to invite them to the league.

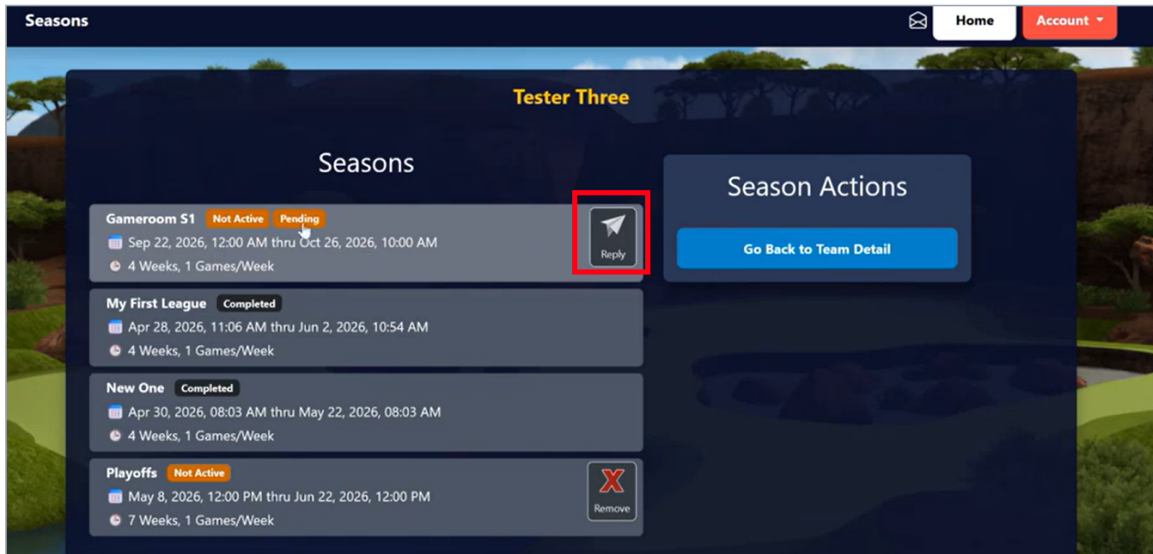

Now repeat the search and invite process for whatever remaining teams you'd like to invite to your league.

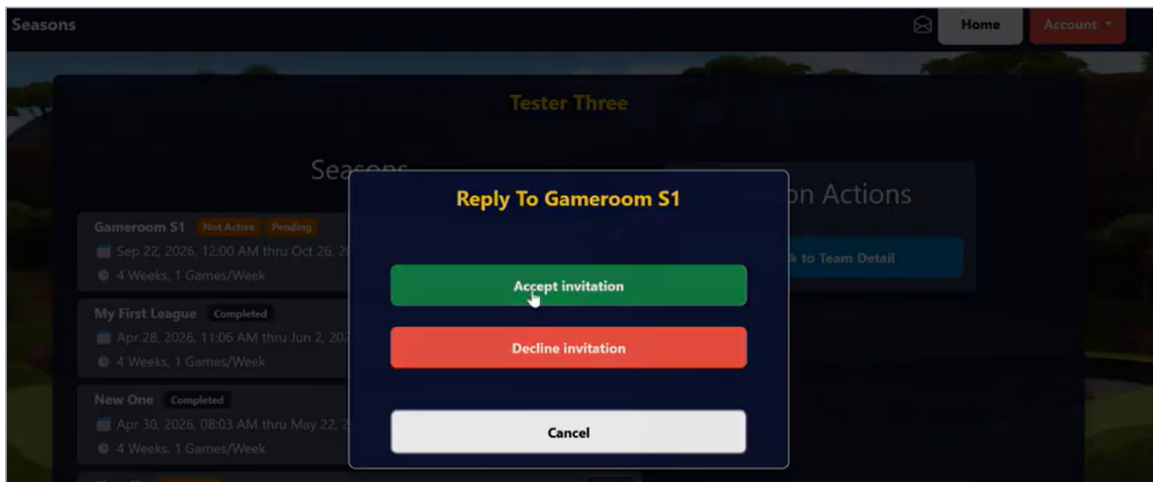

As a player that has been invited to a league, you would login to your account and see a notification that you have a **Pending Season Invite**.

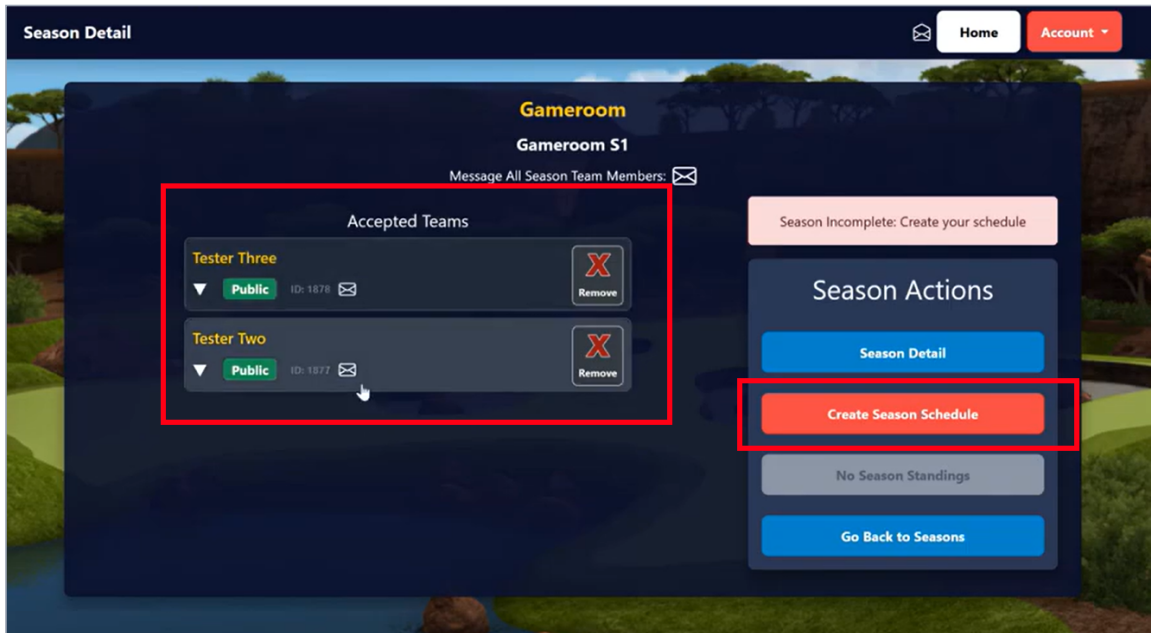

Simply click on the **Pending Season Invite** text and you'll be directed to the **Season** page. Now select **Reply** - as shown below:

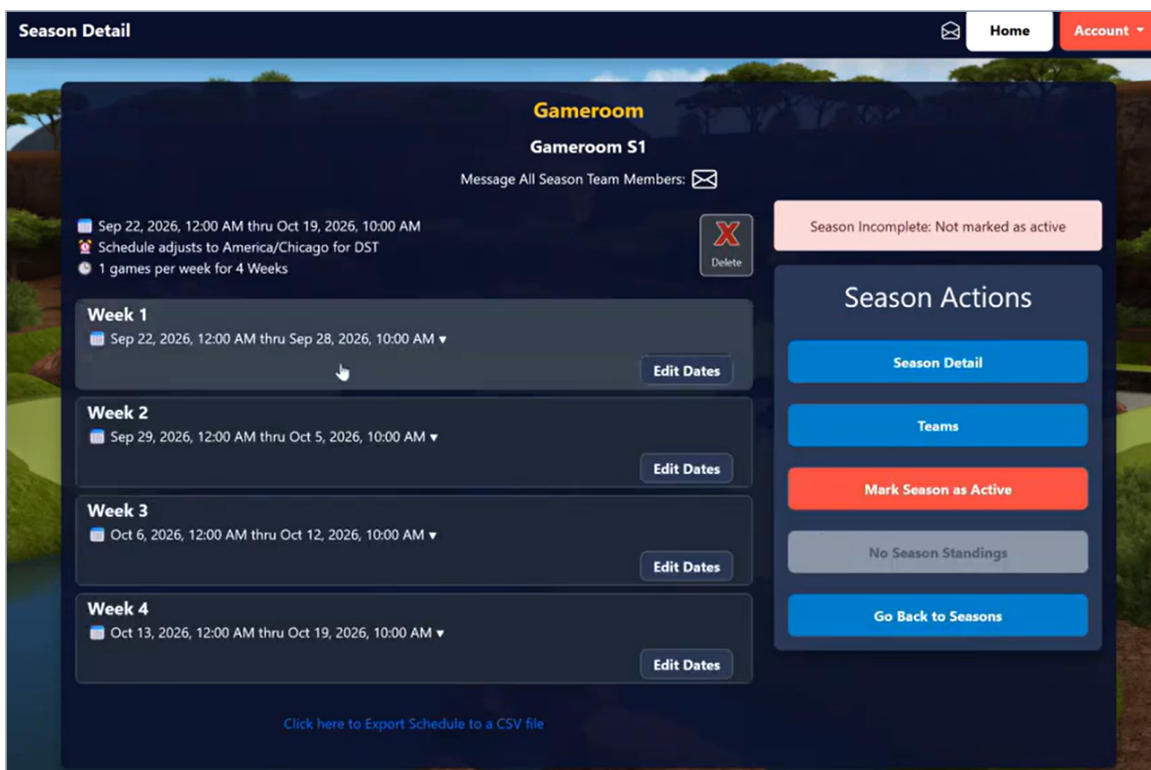

Now you will reply to the invitation by accepting or declining:

Once you have all the teams invited to your league, you will see them on the **Season Detail Page** as **Accepted Teams**. Now you will want to select the red **Create Season Schedule** button.

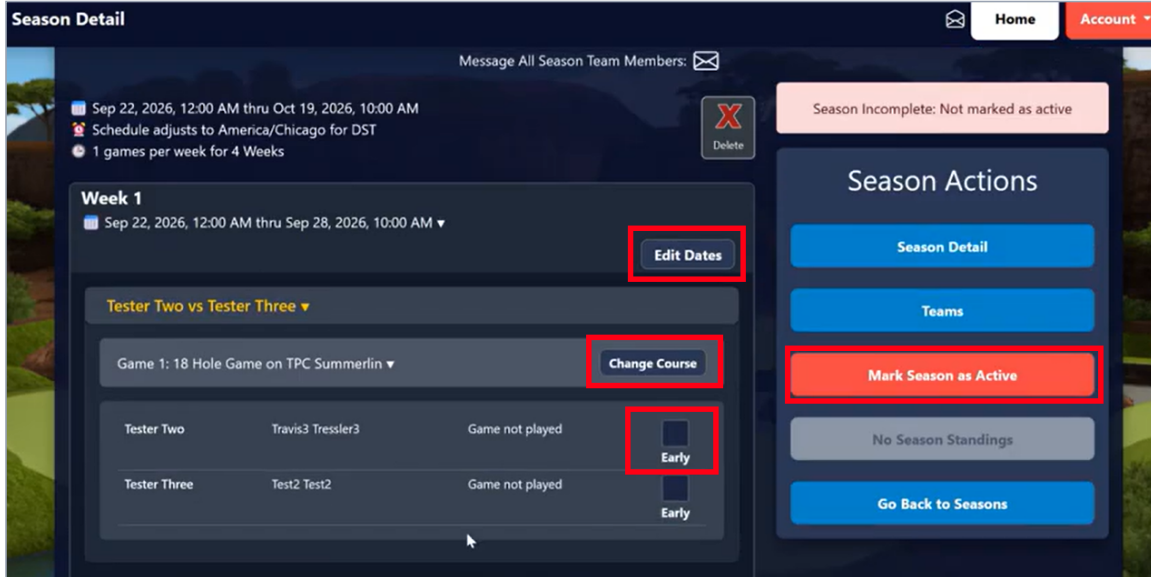

This will automatically generate a season schedule that you'll be able to customize in the following steps. See generated season schedule below:

The automated schedule will show the week, date and course generated for your season. Here you can choose to select **Mark Season As Active** or customize your season.

To customize any week of the season, simply click on the week and the options will drop down for you to change:

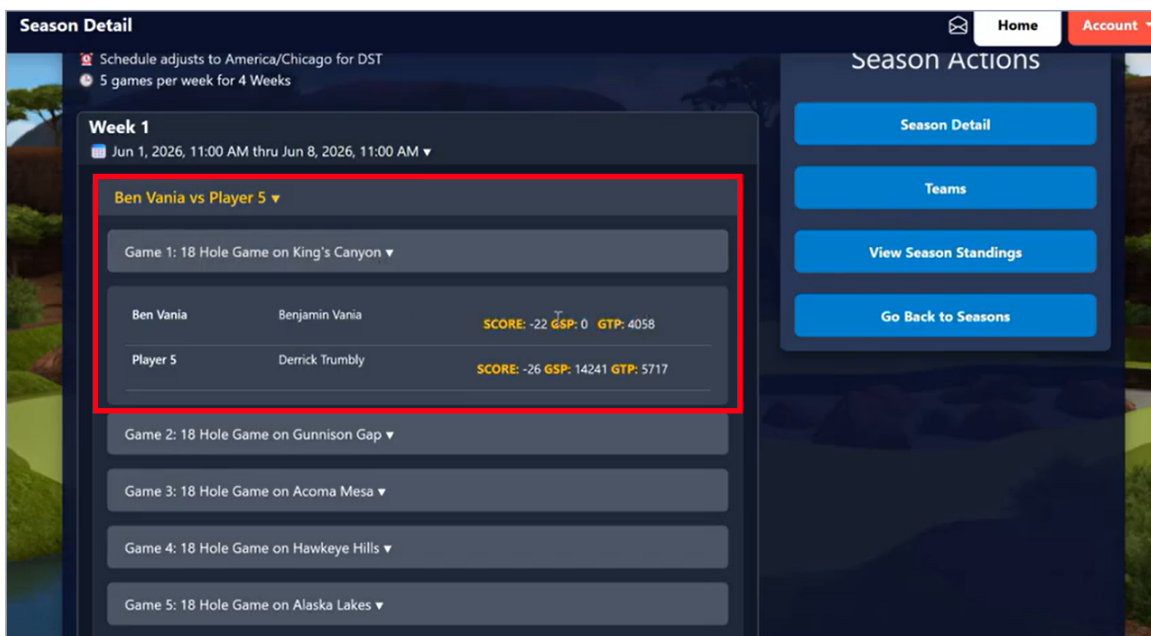

From here you can **Edit Dates**, **Change Course** and allow players to play their round **Early**. (Great for vacations, schedule conflicts etc.)

Once you have determined what options you'd like to customize, you can **Mark Season as Active**.

Season Standings and Season Schedule

After games have been played you can see the **Season Detail** page to check the weekly results and standings. Below you can see results from *Game 1: 18 Hole Game on King's Canyon*, Ben Vania beat Derrick Trumbly, -22 to -26.

If a player does not finish their round for the week, scores and stats will all show zero for the week and **FORFEIT** will be listed for the score:

Week 4 ▼			
Team Name	Score	Great Shot Points	Golden Tee Points
Ben Vania	-125	60,334	22,669
SIMMER TFD!!!	FORFEIT		
Bob Frapples	-132	42,079	24,033
Player 5	-119	94,903	23,550
Downtown	FORFEIT		
TIGER	-129	78,567	24,736

Export Schedule to CSV

At the bottom of the **Season Detail** page you can select **Export Schedule to CSV** allows players to export all the season detail page data. Great for vendors and stats-obsessed players!

Week 2
Jun 8, 2026, 11:00 AM thru Jun 15, 2026, 11:00 AM ▼

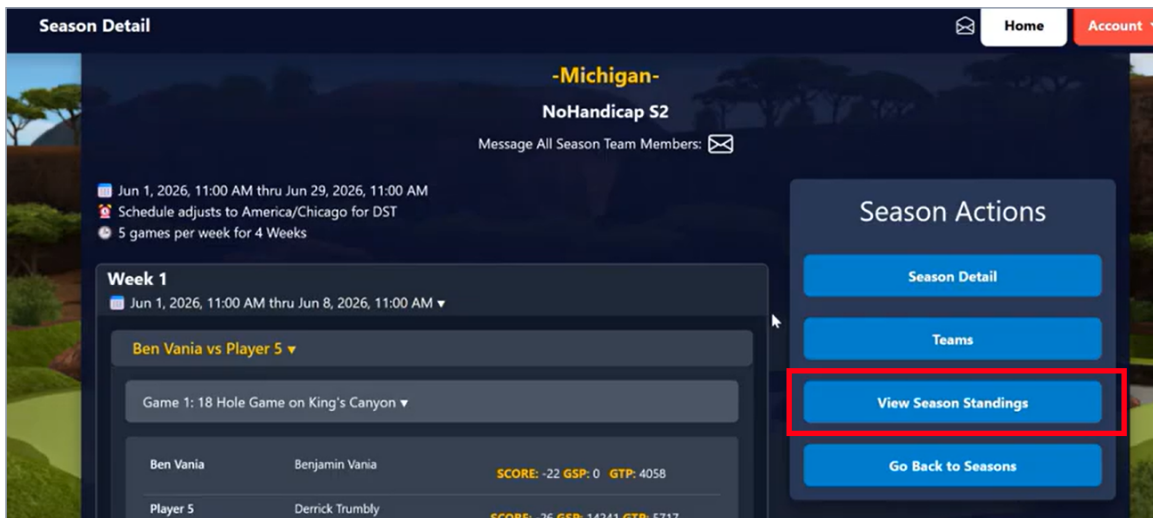

Week 3
Jun 15, 2026, 11:00 AM thru Jun 22, 2026, 11:00 AM ▼

Week 4
Jun 22, 2026, 11:00 AM thru Jun 29, 2026, 11:00 AM ▼

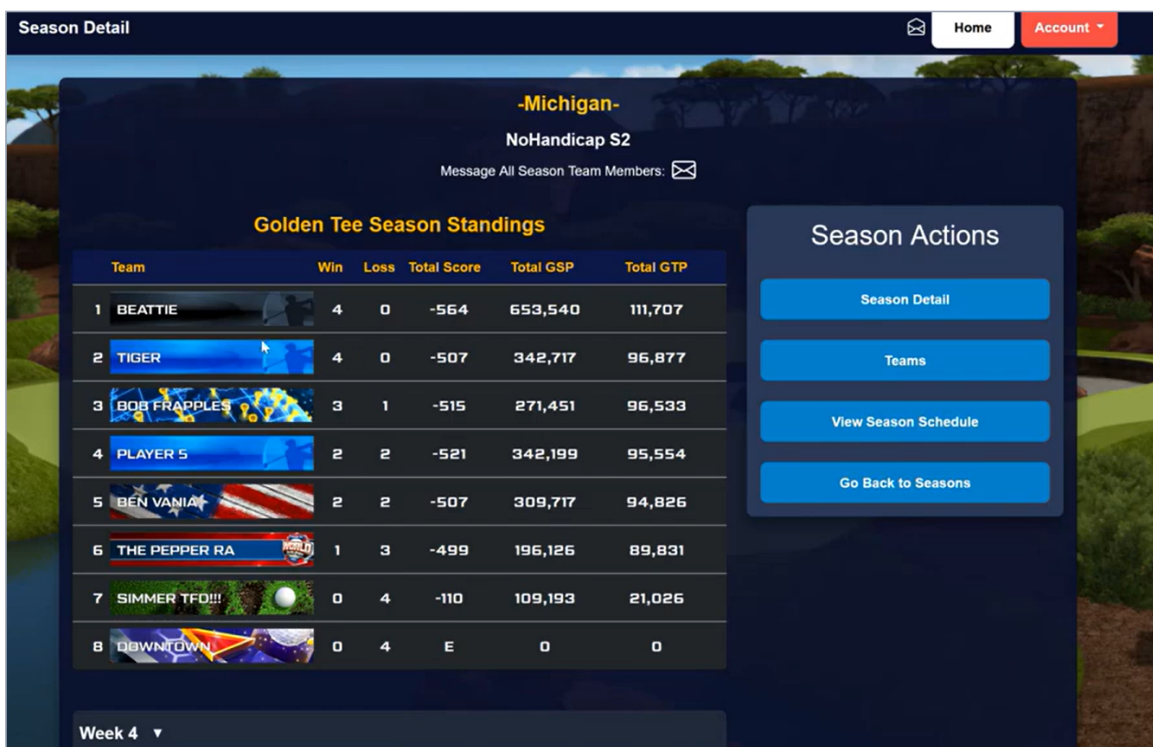

[Click here to Export Schedule to a CSV file](#)

Season Standings

To see seasons standings, on the **Season Detail** page click on the **View Season Standings** button on the right side of the page.

All players are able to see the following **Season Standings** from their account.

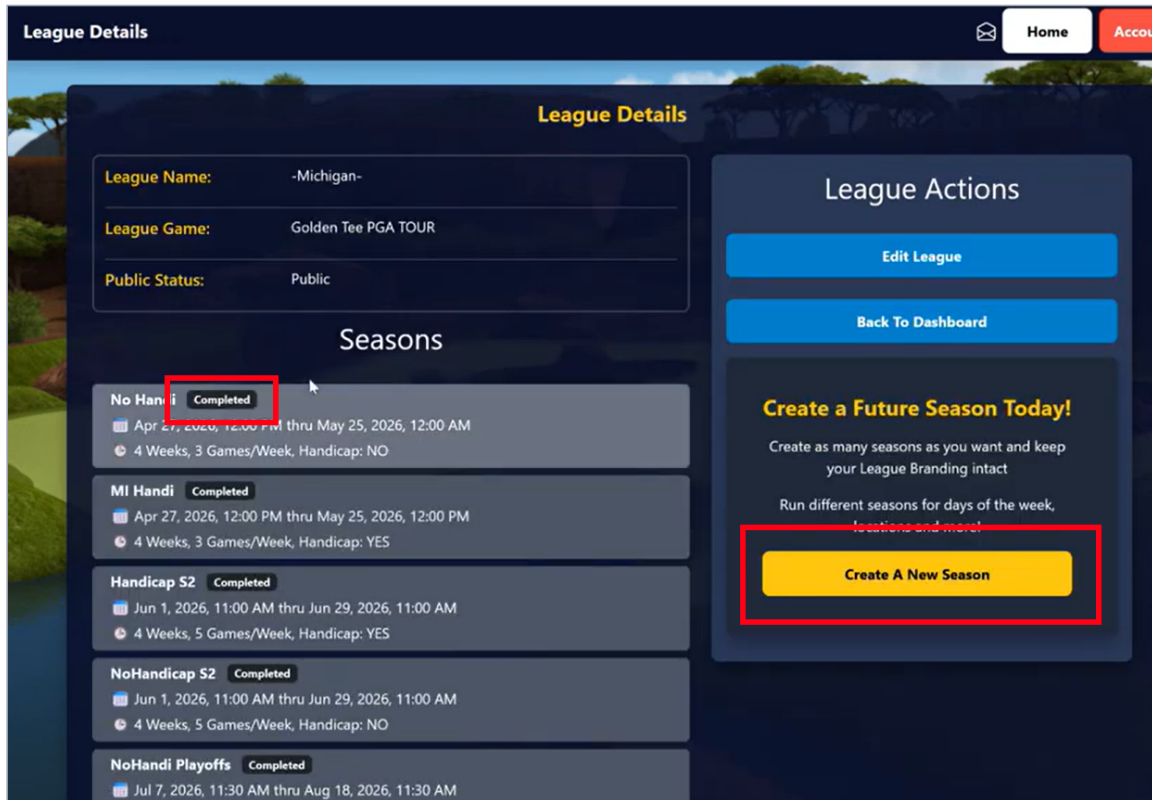

At the bottom of the **Seasons Standings** page links to the public website that can be accessed by anyone with internet access and a CSV export for **Standings Data**:

Week 4 ▾				
Team Name	Score	Great Shot Points	Golden Tee Points	
Ben Vania	-125	60,334	22,669	
SIMMER TFD!!!	FORFEIT			
Bob Frapples	-132	42,079	24,033

This leaderboard can be accessed by anyone here since the League is public. Click here to Export Standings to a CSV file				

With this website link, league managers can send out the link via group text/email and everyone can access the league standings without having to login or requiring any special access. A great benefit and time saving perk that will let you play more and plan less!

When your season is done it will be marked as **Completed** on your **League Details** page and you always have the option to **Create a New Season** from this page or view old season's results and stats as well.

Now the only thing left to do is **HAVE FUN PLAYING** Run IT League with all of your friends and neighbors!

****If you are still having issues with your Run IT Leagues software, feel free to give us a call!****

Important Note: Invites in GT App vs. League Invites

Please note that the League Invitations are separate from the 'Invites' mode in the app.

There is a separate game mode that involves going into 'Invites' in the Golden tee app to play matches against other players. League invites are separate from the Invites function of the Golden Tee app.
